The CyberDiplomat Cookie Settings

1. Your Privacy :

A website may store or retrieve certain information about your browser by using cookies. Cookies store information about how a visitor interacts with a website. The information may be about you, your preferences, your browser, or may be used just to make the website function. We allow certain advertising and analytics partners to collect information from our site through cookies and similar technologies to deliver ads which are more relevant to you, and assist us with advertising-related analytics (e.g., measuring ad performance, optimizing our ad campaigns). This may be considered "selling" or "sharing" / disclosure for targeted online advertising under certain laws. To opt out of these activities, move the toggles for "Performance" and "Advertising" to the left and press "Confirm My Choices." You can also click on the different category headings if you would like to read more about the cookies that we use, and adjust your preferences. Please note that your choice will apply only to your current browser/device. You can choose not to allow some types of cookies; however, please note that blocking some categories of cookies may impact your experience of the site. You can visit our Privacy Policy for more information. *The CyberDiplomat Privacy Policy*

2. Strictly Necessary Cookies :

- ***Always Active :*** These cookies are necessary for the basic functionality of the website. The website would not work without these cookies, so they cannot be switched off in our systems. You can set your browser to block or alert you about these cookies, but some parts of the site will not work.

- ***Performance Cookies :*** These cookies help us collect certain data, such as count visits and traffic sources, so that we can measure the performance of our site, improve the content, and build better features that enhance your experience. They help us to know which pages are the most and least popular and see how visitors move around the site. They also allow us to measure the effectiveness of our ads on other sites.

- ***Functional Cookies :*** These cookies allow our website to remember your preferences and choices made on the website, such as region and language, which help us provide enhanced functionality and personalization. These cookies may be set by us or by third party providers whose services we have added to our pages. If you disable these cookies, then some or all of these features may not function properly.

- ***Advertising Cookies :*** These cookies may be set through our website by our advertising partners, and use information uniquely identifying your browser and internet device to build a profile of your interests and show you relevant ads on other websites. If you disable these cookies, you will experience less targeted advertising.
